SMART Board 600 Series

How It Works
- 600 series uses a touch sensitive board.

Pen Tray Layout
- Three buttons (Keyboard, Right-Click, and Help) are found at the middle of the pen tray.
- Comes with four pens (Black, Red, Green, and Blue) and an eraser.

SMART Board 800 Series

How It Works
- 800 series uses a four camera system (called DViT™ or Digital Vision Touch technology). The board itself is not touch sensitive.

Pen Tray Layout
- Six buttons (Keyboard, Black, Red, Green, Blue, and Right-Click) are found at the middle of the pen tray.
- Comes with two pens (no defined color) and an eraser. Pen color is assigned by pressing one of the four ink color buttons on the tray.
